## **Register here**

**2 July 2026**  
14:00 - 20:30 EEST

**3 July 2026**  
08:30 - 14:00 EEST

**MECC – Maastricht Exhibition  
and Conference Centre**  
Maastricht  
The Netherlands

Registration for the **Final ASPIS Open Symposium 2026** will be open until **1 June 2026**.

Participation is limited to a maximum of **150 attendees** and will be granted on a first-come, first-served basis.

Join the final **ASPIS Open Symposium** to learn about the achievements of the **ASPIS cluster** and enjoy the vibrant and historic city of **Maastricht** – one of the oldest cities in **the Netherlands**, beautifully situated along the river Meuse. Known for its rich history, charming streets, lively squares, and international atmosphere, Maastricht offers the perfect backdrop for this final cluster event.

This year's programme will also include a **poster contest** (ASPIS cluster only), where ASPIS researchers will showcase their work, offering participants an excellent opportunity to engage directly with the ASPIS community.

---

**DAY 1 - 02 July 2026**

---

<b>Time</b>	<b>Panel</b>
14:00 - 14:30	<b>Registration and welcome coffee</b>
14:30 - 14:45	Introduction to day 1 – <i>M. Vinken</i>
<b>14:45 - 16:00</b>	<b>Session 1: NGRA and regulatory relevance</b>
14:45 - 15:05	ASPA: an NGRA workflow for NAM-based safety assessment – <i>M. Luijten</i>
15:05 - 15:25	Comparative Toxicology as the Basis for an Integrated Human Health-Environmental Next-Generation Risk Assessment Framework – <i>J. Colbourne</i>
15:25 - 15:40	OECD IATA and ASPA Case Studies: lessons and take-home messages – <i>P. Browne</i>
15:40 - 16:00	Panel discussion with regulatory agencies
<b>16:00 - 16:30</b>	<b>Coffee break and poster session</b>
<b>16:30 - 17:30</b>	<b>Session 2: Research and innovation</b>
16:30 - 16:50	ONTOX Probabilistic Risk Assessment (OPRA): An AI-enabled framework – <i>K. Kopanska</i>
16:50 - 17:10	The TXG MAPr toolbox: qualitative and quantitative interpretation of toxicogenomics data – <i>G. Callegaro</i>
17:10 - 17:30	Quantitative assessments of population-level susceptibility to toxicity: relevance to humans and wildlife – <i>V. Hongisto</i>
<b>17:30 - 18:30</b>	<b>Flash presentations</b>
<b>18:30 - 19:30</b>	<b>Poster session and wine reception</b>

---

**DAY 2 - 03 July 2026**

---

<b>Time</b>	<b>Panel</b>
08:30 - 09:00	<b>Welcome coffee</b>
09:00 - 09:15	Introduction to day 2 – <i>M. Vinken</i>
<b>09:15 - 12:30</b>	<b>Session 3: Impact and sustainability</b>
09:15 - 09:35	The ASPIS Academy: Empowering the next generation of toxicologists – <i>R. O. Vallbona</i>
09:35 - 09:55	ONTOX: Innovative Services for Chemical Safety – <i>Ch. H. Schwab</i>
09:55 - 10:15	RISK-HUNT3R: Innovations and test methods for IATA-based NGRA – <i>B. Van de Water</i>
10:15 - 10:35	PrecisionTox data: sustainable by design for enduring impact – <i>P. Rocca-Serra</i>
<b>10:35 - 11:05</b>	<b>Coffee break and poster session</b>
11:05 - 11:25	EU-funded NAM research: future perspectives – <i>M. Vinken</i>
11:25 - 11:45	Securing ASPIS sustainability through collaboration – <i>M. Vinken</i>
11:45 - 12:05	Panel discussion on industrial perspective
12:05 - 12:20	Plenary discussion and final remarks – <i>M. Vinken</i>
<b>12:20 - 12:30</b>	<b>Poster contest award</b>
<b>12:30 - 13:30</b>	<b>Lunch</b>
<b>13:30 - 15:30</b>	<b>ASPIS Academy workshop on GIVIMP</b>

---

**Animal-Free Safety Assessment of Chemicals:**  
**Project Cluster for Implementation of Novel Strategies**

These projects have received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No. 963845 (ONTOX), No. 965406 (PrecisionTox), No. 964537 (RISK-HUNT3R).

This output reflects only the author's view and the Directorate-General for Research and Innovation (DG RTD) cannot be held responsible for any use that may be made of the information contained therein.

**ASPIS** brings together the **three consortia** funded under the European Commission's call for advancing the safety assessment of chemicals **without the use of animal testing**.

Collectively, ASPIS represents more than **70 institutions** across **16 European countries** and the U.S., delivering on a **€60 million investment** to provide timely and reliable insights into **chemicals' effects on human health**.

Together, they form the **largest public investment in Europe** dedicated to advancing chemical safety assessment **without animal testing**.

The cluster is composed of three major **EU Horizon 2020** research projects:

**ONTOX**  
*ontox-project.eu*

**PrecisionTox**  
*precisiontox.org*

**RISK-HUNT3R**  
*risk-hunt3r.eu*

The **ASPIS Academy** is a network under the auspices of **ASPIS** for **Early-Stage Researchers (ESRs)** who are into developing and using **New Approach Methodologies (NAMs)** in toxicology. The ASPIS Academy aims to boost ESRs' careers by offering specialized trainings, workshops and webinars.
